Upload supporting documentation.

*SAP_LetterAA .pdf

Do you have any additional files to upload?

Provide a detailed explanation of your circumstances and how they caused you to be unable to maintain satisfactory academic progress. Your explanation should align with the timeframe of your violation.

Submissions that do not meet the minimum requirements for review will be returned.

*During the 2020 semester I had a lot going on in addition to the pandemic that was happening. I had financial difficulty that cause me to work from home on just one source of income that was barely covering basic needs for my son and I. As a head of the household and single mother with no child support I was forced to live with family and friends when situation became unbearable. I used to be able to work overtime and supplement my income that enabled me to make payments to further my education. A part time job was not possible at that time.
I would like to pursue my education even to a PhD level but first my undergraduate need to be completed. It is my goal to finish school and set an example for my 12 year old. I do not want to just dream, I want to take action and make it happen and financial aid will open so many doors for me and my small family. I understand the value of education after been passed on when opportunities come by due to lack of educational qualification. I also know I will have to do the work given a chance. Thank you for your consideration.

Provide a detailed explanation of what has changed and the steps you have taken or will take to achieve and maintain satisfactory academic

progress.

* I have a better paying job after getting some IT certification backed with over 4 year of experience in the IT Support Specialist role. I am able to focus better knowing more in the field than ever before and with less than 30 credit hours left. I also would like to get the highest educational achievement for I know the value in it for me, my family and community.
I have a better schedule with hybrid work, I am cable of generating addition income from doing part time job as needed.
I have mentors at work and in the family that are already cheering me on and most importantly I believe in myself more than ever before. Thank you for your time and have a great day.

By signing this document, I certify all of the information I have provided is true and complete to the best of my knowledge. I have read the [SAP Policy](#), and I am aware of the appeal submission deadlines for each term. I understand I cannot appeal if I have already been granted an appeal during the current academic year unless my circumstances have changed. I understand I will be notified of the counselor/committee's decision via APSU email, and that I must comply with the terms of the notification. I understand my appeal may be denied and I should be prepared to pay for the courses in which I have enrolled or to withdraw from my courses by the drop date to avoid financial penalty.

I understand if my SAP appeal is approved, my financial aid will be terminated if I fail to submit requested documents and/or knowingly provide false information on any financial aid documents required by Austin Peay State University. Aid awarded on the basis of false information will be billed to me. False or fraudulent information may be reported to the Federal Office of the Inspector General and/or the University Dean of Students.
